What I want my physician to know

Write one essential work task and one sport activity you want to regain.

I used to be able to… Now I struggle with…

It started… It feels better or worse when…

I've tried… It helped for…

The main thing I want to decide or do is…

What to bring or send

Bring job duties, sport demands, and any written restrictions you have.

- [ ] Prior images and written reports, if available
- [ ] Checked the scan date, body area and side
- [ ] Confirmed the office can open the image files
- [ ] Relevant visit and therapy notes, medication and allergy list

Image date, type and where it was done

What I still need to request or confirm

Questions to ask

- [ ] How should we prioritize work and sport tasks if they have different demands?
- [ ] Who will communicate any new restrictions and when?
- [ ] If I have prior images, would they help answer today's question? Would another test change the plan?

What will I do next, and when will we check in?

One small improvement I want to notice
